This documentary film is about the story of the decline of the French empire, exploring the debates about assimilation, race, identity and citizenship that have troubled France from then until now.

当時から今日までフランスを悩ませている同化、人種、固有性、市民権の問題を探りながら、フランス帝国の衰退を見ていきます。

The Storyline of the Film (Content)

Featuring interviews with war veterans and descendants of those who experienced the “blood and tears” of colonialism and decolonisation directly – in Africa, Southeast Asia, the Caribbean and the Pacific. The film also looks at the indelible mark this has left on the hearts and souls of close to half a billion people across five continents and some 45 countries.
